EXPERIENCE

Technical Proficiencies:

- Proficient in HTML, CSS, and JavaScript, creating engaging and responsive web interfaces.
- Extensive experience with front-end frameworks, including ReactJS, enhancing user interactions and optimizing performance.
- Developed mobile applications using React Native, combining the power of JavaScript with native app development.
- Strong understanding of UI/UX design principles, resulting in visually appealing and user-friendly interfaces.

Notable Projects:

- Collaborated in the development of a dynamic e-commerce platform using ReactJS, enhancing user engagement and sales conversion rates.
- Designed and implemented a React Native mobile app for event management, streamlining attendee registration and information dissemination.
